

# Meet the Teacher

## Welcome!

Welcome to 5th grade! I am so excited to be your child's teacher this year! We will learn and grow so much together! I look forward to partnering with you in order to give your fifth grader a wonderful year! I hope that everyone feels comfortable in our classroom community. This year, while we do have some challenges to overcome, we also have a lot to learn. We'll have some fun along the way, too! My goal for everyone is to have fun while learning so they can be best prepared for middle school. Let's all have a great year!

## About Me

My husband and I have a very busy two year old daughter, Meghan, and an energetic black lab, Comet. I enjoy running, hiking, Boston sports teams, reading (especially with my daughter), and all things Disney!

## My Educational Background

I graduated from Boston College in 2008 with a Bachelor's in Education. In 2017, I graduated from American International College with a Master's in Education. This is my 13<sup>th</sup> year teaching, my 8<sup>th</sup> year at Talmadge, and my 2nd year teaching 5<sup>th</sup> grade!

## Contact Information

Please contact me with any questions or concerns. Open communication is one of the keys to a successful year.
